Fall 2023

October is almost here! Which means license renewal will be upon us. Megan, from the State Board, sent out a mass email to all AZ Licensed Opticians. Letting us know the new site for e-licensing was up and running. Don't wait for the end of the year to finish setting up your password and inputting your employment information. For your personal information safety, there are three different security questions that you will input answers to. I had no trouble at all getting this accomplished. Put this on your to do list and get it done sooner rather than later!

AADO has lined up our last continuing education seminar for the year via Zoom. The first session will be Sunday, November 5th for four hours. The second session will be the following Sunday, November 12th for another four hours. I was unable to attend the June Seminar due to family issues. I look forward to seeing at least your names on who is participating, and getting your questions answered by our presenters.. For those of you that run your video, I will actually see you at the seminar! Let's close out the year with a huge turnout! Register to attend the seminar!
