

# Recordkeeping Under the Eyeglass Rule

## Consent to Digital Delivery

Keep records showing you got the patient's affirmative consent for digital delivery.

Keep for three years, or as long as you rely on the patients' consent to continue receiving the prescription electronically plus three years.

## Digital Delivery of Eyeglass Prescriptions

Keep records showing you sent the digital prescription to the patient — and they can access, download, and print it.

Keep for three years.

## Paper Eyeglass Prescriptions

Keep the patient's signed confirmation showing they got their paper prescription.

Keep for three years.

Other state or federal laws may require longer recordkeeping requirements.
